

## TPMS SYSTEM

Dear Moto2 and moto3 Teams,

As you know, DELLORTO is official supplier of Tyre-Watch.

**Sensors and receivers for moto2 and moto3 classes are already available!!!**

### LIST of components:

- TPMS sensor – “old” (it is the one you are currently using on your bikes (ex-2D)): it works with 2D receiver and with the new DELLORTO receiver too
- TPMS sensor – “new” (the hardware is the same but new firmware and best price condition): it works with new DELLORTO receiver only
- TPMS receiver: we developed 2 options, see below.

	TPMS sensor (ex-2D ones – it works with 2D receiver and new DELLORTO receiver) Unit price: Euro 100,00
	TPMS sensor (NEW – it works with DELLORTO receiver ONLY) Unit price: Euro 90,00
	TPMS receiver (it works with both “old” and “new” sensors)
	TPMS receiver (it works with both “old” and “new” sensors)
